

# AN EXTRAORDINARY MEDICAL ANNOUNCEMENT

FREE EXAMINING AND DIAGNOSING OF ANY DEEP-SEATED DISEASE OF MAN.

The Closest Investigation Invited as to the Methods of Curing Diseases of Men, and the Strictest Adherence to NOT A DOLLAR NEED BE PAID UNTIL CURED

**NATHANIEL K. KING, M. D.,**  
522 PINE STREET, ST. LOUIS, MO.

Many a man has become a physical wreck in later life because of incompetent treatment of a serious disease by old-time doctors with antiquated and out-of-date methods.

Every private disease of man is serious, demanding the highest skilled medical service that can be procured, and we know of no specialist better able to cure these chronic diseases than Dr. King. His methods and practices are decidedly those of the present day, adding the benefits and experiences of the past to the superior knowledge and perfected methods of the present.

The efficacy of his treatment has been proven by the hundreds of cures effected by him, cures which were quickly brought about and which are permanent.

If you are afflicted we know it will be to your advantage to call on him; or if you are interested, he counts the closest investigation of his methods and invites your careful inspection of the electrical equipments of his institution. If, therefore, you call on him you will be received with a cordial welcome.

Thousands of men have profited by his advice, for which he makes no charge, as he takes all patients under treatment, adhering strictly to

## HIS MOTTO

NOT A DOLLAR NEED BE PAID UNTIL CURED.

## VARICOCELE.

This disease, affecting the very center of the reproductive organs, often causes loss of manly vigor, weakening the power and destroying vitality and strength. A man at 40 feels like 80 when he suffers from varicocele. Dr. King cures the greater number of cases of varicocele without surgical operation, simply by mild dissolvent medication and constitutional treatment. Under his care the parts are preserved and strengthened, pain ceases entirely and almost instantly, swelling subsides, healthy circulation is rapidly re-established and every part of the organism affected is thoroughly restored.

## STRICTURE.

Many men are rendered weak before their time because the passage is obstructed by a hard deposit or cicatrix known as stricture. We have known men who have consulted doctor after doctor because of this weakness, and the reason they get no relief is that the doctor did not search in the right place for the cause. This cause is often stricture.

Dr. King will cure this by his Electro-Medical process, which thoroughly dissolves all abnormal growth, dissolving every particle of diseased, hardened or scarred tissue, which will come away in strips of shredlike fiber. He will stop all inflammation and allay all irritation along the walls of the passage and in the region of the prostate gland and bladder, and the canal will be left in a state of perfect health and as free and open as when nature formed it.

## SPECIFIC BLOOD POISON.

It is well that all men should know the consequences of certain terrible diseases—the consequences of the disease known as blood poisoning. The disease that is specific, vital, contracted blood poison, the disease that is first manifested by a stubborn sore, later by a rash on the body, then by the breaking out of the ulcers, swelling of the glands, falling out of the hair and eyebrows. You cannot mistake these symptoms.

If you find yourself in the clutches of blood poison, don't waste time and money on hotting baths, specious mercury, potash or other mineral mixtures and poisons that will give only temporary relief.

Dr. King's cure for blood poison, originated and perfected by him, is absolutely safe, rapid and permanent, and leaves no injurious effects. Under his treatment every external symptom soon disappears, while the blood, the tissues, the nerve fibers, the bones and the whole system are cleansed, strengthened and restored to perfect health and purity.

## NERVO-VITAL DEBILITY.

**CEREBRAL.**—When the mental forces are impaired.

**SPINAL.**—When the spinal centers are involved and motor power is diminished.

**VITAL.**—When the Great Sympathetic Nerve System is affected and the forces that govern the organs of life are reduced by the harmful reflex effects of disease incident to the organs of the pelvis.

No one afflicted with Nervo-Vital Debility in any of its forms should despair after failure to obtain satisfactory results from inferior treatment. Dr. King's methods rid you of the malady which debilitates nervous diseases and disturbances, and he is able to restore to you enviable health and the strength of mature manhood. Every case is a personal study with him, and he invariably modifies his treatment to answer to the requirements in individual cases.

Dr. King cures all weakness induced by specific nervous complaints and puts you on the right track to complete recovery or restores the conditions essential to your future life and happiness.

## RUPTURE.

Desire of existing rupture has cost many human lives. Strangulation of the bowel and old-time methods of operating with the knife have contributed to this fatality. Dr. King's Electro-Chemical methods obviate this and cure with absolute certainty and safety, and entail no suffering. The smallest hernias are the most dangerous to life, because of the increased liability to strangulation.

## PILES, FISTULA,

AND OTHER RECTAL DISEASES are among the most distressing ailments with which human beings are afflicted. They greatly attract but little attention in their earlier stages, but if neglected and allowed to run their natural course they rapidly undermine the physical and nervous systems and make wrecks of their victims. Dr. King cures these diseases without the knife, ligatures, salves, burning pastes or acid injections.

**KIDNEY, BLADDER AND PROSTATIC DISEASES.** Dr. King cures all irritation, frequent desire, stoppage, pain in back, bristled sediment, scanty flow and catarrhal condition.

## PRIVATE DISEASES.

Newly contracted and chronic cases are cured by Dr. King. He relieves all burning and itching and stops inflammation and unnatural weaknesses in 24 hours. He effects cures in 7 days.

## MEDICAL ADVICE FREE.

WITH HIS GUARANTEE "NOT A DOLLAR NEED BE PAID UNTIL CURED"

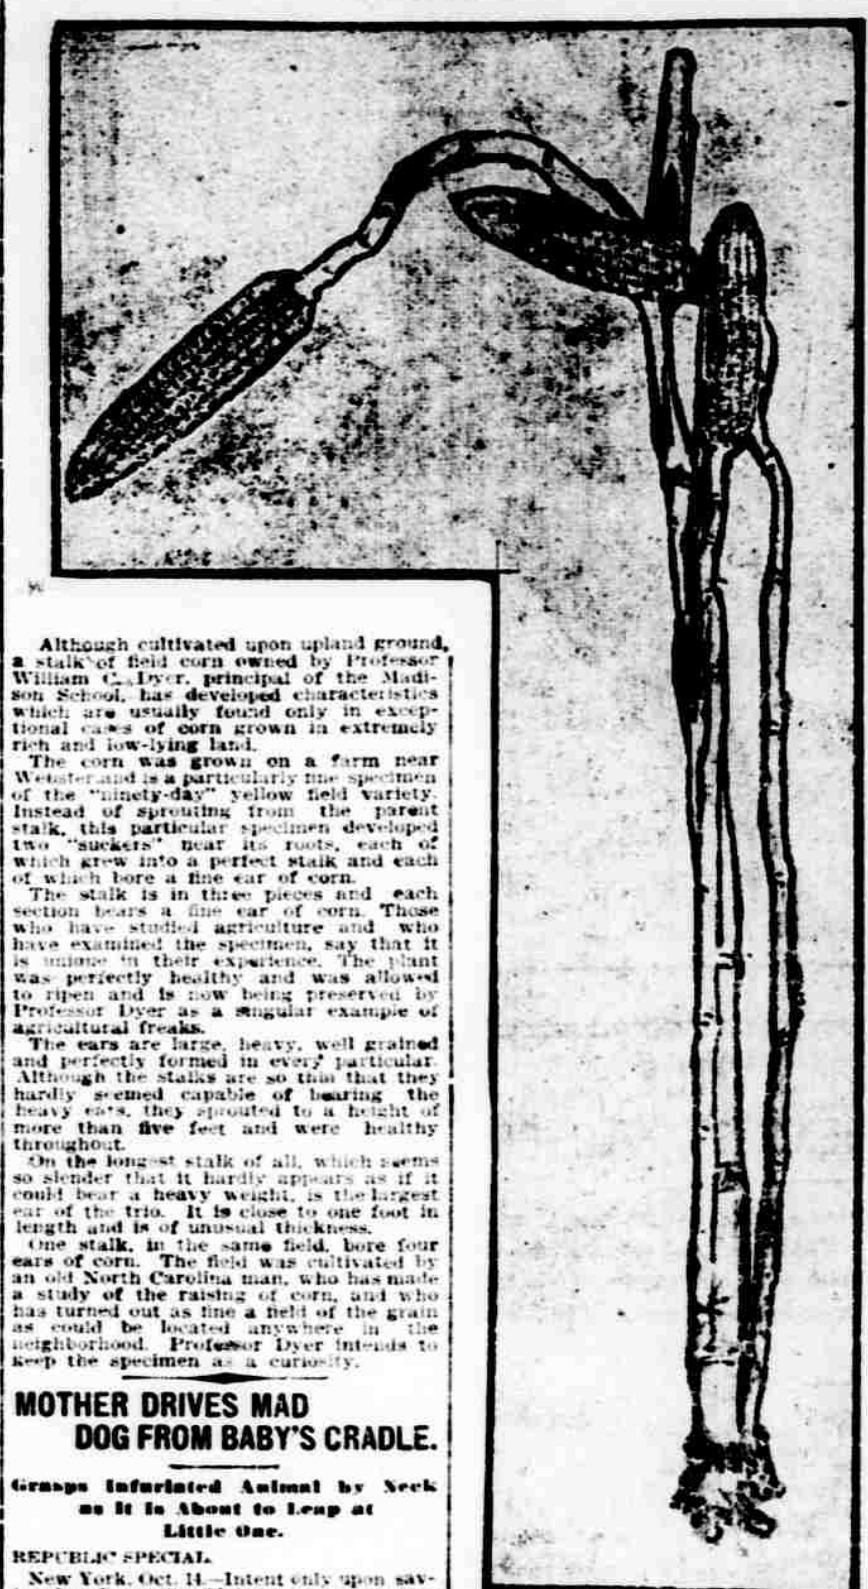

## CORRESPONDENCE.

Dr. King realizes that many men who would like to avail themselves of his service live too far away to call in person just now. For the benefit of these he has devised a Home Treatment, which is self-administered under his direction, and to this day the Doctor has been able to cure men whom he has never had the pleasure of seeing. He is able to make an accurate study of any case through the Self-Examination Blank, which he will gladly forward to you on receipt of your name and address. Mention your disease, and he will also include a booklet treating of same. All this is free.

## UNIQUE SPECIMEN OF FIELD CORN NOW OWNED BY PROFESSOR W. DYER

Principal of Madison School Obtains Novel Stalk From Field Near Webster, the Grain Having Been Grown on an Upland Farm—One Stalk in the Same Field Had Four Ears While His Curiosity Had Three Ears Upon Three Different Branches or "Suckers."

FRANK CORN GROWN BY PROF. W. DYER

## TINY CANARY BIRD BLOCKS FIFTH AVE

Pet, Fugitive From Its Home Opposite Waldors, Seats Itself on Ledge and Sings, While Drivers Stop to Hear.

**REPUBLICAN SPECIAL.**—New York, Oct. 14.—A canary named "Dixie" caused a temporary blockade of traffic on Fifth avenue at the Waldorf-Astoria and created great amusement among the fashionable throng on parade. It perched on the arm of a mounted policeman and sang for some time, and then it flew to the arm of another policeman and sang again. The bird warbled its full-throated melody while hundreds listened and looked on with unaffected curiosity and delight.

## FUGITIVE, DIVING INTO SEA, FIGHTS CAPTURE.

**REPUBLICAN SPECIAL.**—Philadelphia, Oct. 14.—After a bitter hand-to-hand struggle in the breakers, and with the cheers of thousands of spectators ringing in his ears, a fugitive, an alleged deserter from the United States Navy, was captured by a representative of the Edward H. Ross detective Agency. Philadelphia at Atlantic City. Ross surrendered only when utterly exhausted.

He was taken ashore in a boat and delivered to the officers of the receiving ship Lancaster at League Island Navy Yard.

Ross, it is alleged, deserted from the Lancaster several months ago. He was captured a few days after his desertion, but escaped before reaching the navy yard. He ran through the streets dodging bullets from the marines. Jumping a freight train he escaped, and until recently kept himself out of the hands of the law. He was seen by a detective called on him to surrender. Ross dived into the ocean from the pier. The battle followed.

## ANXIOUS TO VOTE AT 104.

Simon Harris Cast His First Ballot Forty Years Ago.

**REPUBLICAN SPECIAL.**—New York, Oct. 14.—Probably the oldest man registered for the coming election is Simon Harris, 84, of No. 104 West 104th street. He has reached the ripe age of 104.

Harris cast his first vote forty years ago in San Francisco, where he has lived since he came to New York. He has traveled to many sections of the globe.

A few years ago he made his friends gasp by saying that he was 100. He was 98 at the time, and he was 96 when he was suddenly stricken by a stroke. The old man's wife for America had impelled him to return.

Harris still is hale and hearty, and reads without the aid of glasses.

## WOMAN WITH UMBRELLA PUT TWO MEN TO ROUT.

**REPUBLICAN SPECIAL.**—Washington, Oct. 14.—Mrs. Annie Bradley had been shopping at a number of stores when she came upon the street and saw the two men waiting for her. She finally became much annoyed and sought refuge in a cafe, but one of the men entered the place and sat near her. Mrs. Bradley hurried to the street and reached the end of the parking at Thirtieth street and the avenue, where the two men came walking.

Mrs. Bradley grasped her umbrella tightly and walked toward the two men. She struck first and then the other, and as she made a step toward her she struck him across the head with such force that the handle of her weapon broke in half.

Then Mrs. Bradley darted through the crowd, with the two pieces of the umbrella in her hand, and jumped into a cab. The two men vanished.

## JOLIET GRAND JURY MAKES CHARGE OF BALLOT FRAUDS.

Six Persons Alleged to Have Changed Votes, and Others to Have Attempted Substitution on Prize Fight.

Joliet, Ill., Oct. 14.—The Grand Jury today returned indictments for ballot frauds and for a prize-fight swindle.

At the last city election some persons entered a suit in the City Hall and changed 17 votes for Mayor Barr, so as to give the votes to Mayor C. H. Barr, the defeated candidate.

The Grand Jury indicted Assistant Clerk J. H. Evans, Oscar Mason and three others.

## COL. H. C. LOOMIS IS DEAD.

Was Past Department Commander of the Kansas G. A. R.

Winfield, Kas., Oct. 14.—Colonel H. C. Loomis, past department commander of the Kansas G. A. R., died here this afternoon following an operation on his foot. He was 72 years old.

He was Lieutenant Colonel of the One Hundred and Fifty-fourth New York Volunteers in the Civil War, was a prominent Mason and member of the Local Legion.

## CREMATED WITH HIS CHILD.

One of Suicide.

Chicago, Oct. 14.—The charred corpse of Joseph Kantrun, 27 years old, and his 3-month-old child, Anna, were found in a closet beneath a staircase in a three-story tenement, No. 622 Jefferson street, today, after firemen had extinguished a fire which is thought to have been of incendiary origin.

During the fire a number of stricken occupants of the house leaped from windows.

The firemen incline to a belief that the supposed incendiary was Kantrun and that his object was suicide. He had quarreled with his wife.

## We Save You \$57.35 a Set

A few years ago an edition of the Encyclopaedia Britannica was to be found only in the homes of the wealthy—for this greatest of all reference books sold at a price so high that only the rich could afford to own it. But American enterprise has now placed an American corrected and revised edition within the reach of those of the most moderate means. We take pleasure in announcing to our readers that we have secured control of a limited number of sets of the New Werner 20th-Century Edition of the Encyclopaedia Britannica—and on account of our extensive advertising facilities we are enabled to dispose of these sets at a great reduction from the publisher's price, amounting to a saving to the customer of \$57.35 on the cloth binding alone, with a large saving on the other bindings.

## New Edition

At a Great Reduction in Price

This new American edition is printed from new electrotype plates, and in clearness of type, beauty of printing, illustrations and binding it is unsurpassed. The type was set by hand in the United States, which allowed the American publishers to correct the errors that marred the original foreign edition. A large number of new maps are introduced and the illustrations in the text have been made especially for this edition. The original cost of the foreign edition of this king of encyclopaedias was more than one million dollars. Ten thousand dollars was paid for a single article.

## Bookcase FREE

As long as the sets at our command last we will dispose of them at a very large discount from the regular publisher's price; but as the number of sets controlled by us is limited, promptness on your part is necessary. To secure a quick response to this offer we will present, absolutely free, an oak bookcase, especially manufactured to hold a set of this work, to every one of our readers who promptly returns the coupon cut from this advertisement and who later on orders a set.

## An Education in Itself

Every subject in science, art, history, philosophy, biography, mathematics, law, chemistry, medicine, mechanics, and thousands of other important studies are given in the Werner Britannica, simply, yet thoroughly. Take, for example, the study of electricity. One article alone comprises nearly one hundred double-column pages—equal to an ordinary volume of 500 pages. With its seventy-three courses of reading and study clearly outlined, and its unlimited instructive features, this great Encyclopaedia stands head and shoulders above any reference work ever produced in the history of publishing.

## Ten Cents a Day

Think what this means to you! For ten cents a day for a short time you can secure the greatest reference library ever produced—and use it while you are paying for it. This Encyclopaedia in 31 massive volumes contains 25,000 pages, equal to 400 volumes of ordinary size. It is embellished with 12,000 pictures—many of them in color—and numbers among its contributors the highest authorities on every subject. So less than fifty-two of the special articles contained in this reference library have been reprinted in textbook form for use in schools. The five new volumes of American additions have been thoroughly revised.

revised, accurate and correct edition.

**Mail This Coupon**

By eliminating the middleman's profit and reducing the selling expenses, we are able to pass the work on to you at an enormous reduction in price. When the sets at our command are disposed of, the price will be advanced. We advise you to send the coupon to-day—while you are thinking about it—and let us tell you more about this remarkable book bargain. Upon receipt of the coupon we will forward beautifully illustrated sample pages and full particulars of our offer, by means of which you can save more than half the cost of the books and pay in easy monthly payments.

## FIVE KILLED AT WARSAW.

**REPUBLICAN SPECIAL.**—Warsaw, Oct. 14.—A serious riot occurred this afternoon at Warsaw, a suburb of Warsaw, among the workmen of the Strazimierz spinning mills.

The rioters threw a bomb into the spinning mill, damaging the building and killing the cook and gardener.

When the police arrived the rioters attacked them, killing three. Cossacks have been summoned.
